Classes and Ages	Class Descriptions
Feel The Beat (0-5 yrs)	This class helps children improve vocabulary and language while mastering movement skills and developing coordination, balance, strength, and endurance. Children will learn to move and they will move to learn.
Tiny Tots (0-2 yrs)	This class provides learning through play, where children can explore in a friendly environment designed especially for hands, small bodies, and developing minds.
Reading Rainbow (2-5 yrs)	Children will listen to stories, songs, rhymes, and produce art to develop reading skills. Show your child how fun it is to listen to stories and make connections through actions, rhymes, and activities.
Art Explosion (2-5 yrs)	Children will create works of art using a variety of materials. This helps children develop hand-eye coordination, increase creativity, improve concentration, and give them the opportunity to express themselves.
ABC Kids (3-5 yrs)	ABC Kids provides a foundation for early reading by teaching your child the alphabet through songs, games, crafts, and writing. Exposing your child to letters and sounds at an early age helps them learn to read later.

Areas Of Development
<p><u>Communication:</u> Focuses on language skills, such as what children understand and speak.</p>
<p><u>Gross Motor Skills:</u> Focuses on the coordination of the arms, body, and leg movement.</p>
<p><u>Fine Motor Skills:</u> Focuses on the movement and coordination of the hands and fingers.</p>
<p><u>Problem Solving:</u> Focuses on children playing with toys and their problem-solving abilities with other children.</p>
<p><u>Personal-Social Development:</u> Focuses on each child's self-improvement skills and their interactions with others.</p>
